

29th November 2021

Following the UK Government's updated statement on Covid-19, JDM are pleased to confirm that our Factory, Engineering & Office Facilities in Boston UK are still COVID Secure and are still operating in line with the current Government Guidance. We remain fully operational and supporting our customers both on-site and remotely/virtually as necessary.

Throughout the year JDM have effectively worked to prevent any disruptions caused by Covid-19, while at the same time operating responsibly to do what we can to prevent further spread of the virus and will continue to do so. We appreciate that this is an evolving scenario, and we will continue to provide regular updates.

Please ensure you check in with your regular points of contact within JDM prior to visiting the office for updates on the current situation and our precautionary measures, you will be requested to comply with screening procedures in line with the COVID Secure policies and procedures. We appreciate your support and assistance with these necessary measures to ensure everyone's safety.

JDM are dedicated to providing a safe environment for our customers, employees, suppliers and business partners, it remains as always, our primary concern at this time, we are fully committed to our customers, and we will do everything in our power to ensure that you continue to receive the exceptional support and expert approach.

Please do not hesitate to contact us if you have any questions. In the meantime, we extend our best wishes to all and encourage everyone to follow the Government's Advice.
